By creating an	account via any of the options below, you agree to our Terms of Service.
	Create your account

That's it! You have created your account. Now you have to verify your email address.

In your browser, go to your email account and look for a new message. In Gmail, it would like this:

Primary	#	Social	Promotions Strees	1
🔲 💠 🗁 WordPress.com		Activate 1000000000000000000000000000000000000	Welcome to WordPress.com. Please click the button b .	7:15 AM

Open the message and click the button: Click here to Confirm Now

A WordPress web page will now appear saying that you have confirmed your email address.

Now you can close your browser. Your account has been successfully set up.

Write down your WordPress username and password so you won't forget it.

[End]
